APPLICATIONS		
	SUITABLE RESIDENTIAL	SUITABLE COMMERCIAL
Walls	Yes	Yes
Floors	Yes	Yes
Shower Walls	Yes	Yes
Kitchen Walls	Yes	Yes
Countertops	Yes	Yes
Fireplace Surrounds	Yes	Yes
Exterior Applications	Yes - Non Freeze-thaw apps only	Yes - Non Freeze-thaw apps only
Pool Waterlines / Fountains	No	No

INSTALLATION	
<i>Please contact your EAD Sales Rep for a complete set of manufacturer guidelines detailing care &amp; inspection/ installation/ cleaning/ maintenance.</i>	
Note	Cement Tiles might show variation in color and design and will not be identical piece to piece. This is a result of its handmade process and the nature of cement. We suggest mixing tiles from different boxes during setting to produce a beautiful and naturally rich appearance.
Inspect prior to Installation	Inspect your order carefully. Original Mission Tile will not be responsible for any material that has been installed, installation of material means full acceptance.
Method of Install	Follow TC&A Handbook instructions for concrete tile installations
Usage	Usage recommendation must be confirmed by your installer and depends on application, installation methods and general suitability. Erin Adams Designs assumes no liability from any installation and usage recommendations.

---

CLEANING RECOMMENDATIONS

Post-Installation	After installation, wash floor with a PH neutral detergent. Use a single disc floor machine with a white pad to remove any residues, remove excess dirt and water. Do not use any acids or alkalines to clean tiles.
General	Routine with a non-abrasive / non-acidic mild and PH-Neutral Cleaner
Spot-Cleaning	Use a PH neutral cleaner and fine sandpaper to remove any stain or residues. Do not allow water or other liquids to spot, pond or ring on the surface tiles.
